

The Queen's Platinum Jubilee 1952 - 2022 Celebrations

Happy royal birthday tea

Community Facebook group 'The Power of Resilience' based in Stalybridge joined in with the Queen's Jubilee celebrations on Saturday.

The group held a successful afternoon tea to celebrate the Queen's Platinum Jubilee on the Queen's official birthday.

The event was a bring and share afternoon tea with everyone attending invited to take along items. Julie Mallinson established the group during the pandemic to inspire self-esteem, confidence and creativity.

The group is gradually expanding its work and recently established a 'Flourishing Gardening Project'.
